

Meds Round – Body Map

For administering Creams and other topical medications.

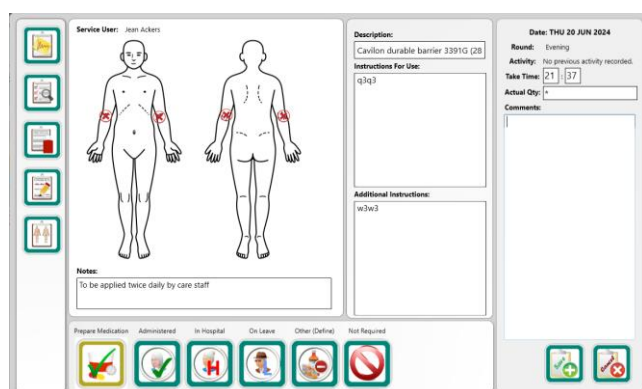

Click on the Meds Round icon.

Select the **Appropriate resident**.

Select the medication to be administered.

The medication administration window will appear with the body map.

You can add a comment at this stage if you like.

Click on the save icon.

Body Map

Please press the + button, then click and drag the blue cross to the area of the body map where the medication has been applied. Multiple areas can be added, if required.

OK

The Body Map instruction box appears. Click Ok.

Service User: Jean Ackers

Notes:

To be applied twice daily by care staff

Click the Plus icon and drag the cross to the appropriate location.
